

ML Infokiosk 920W

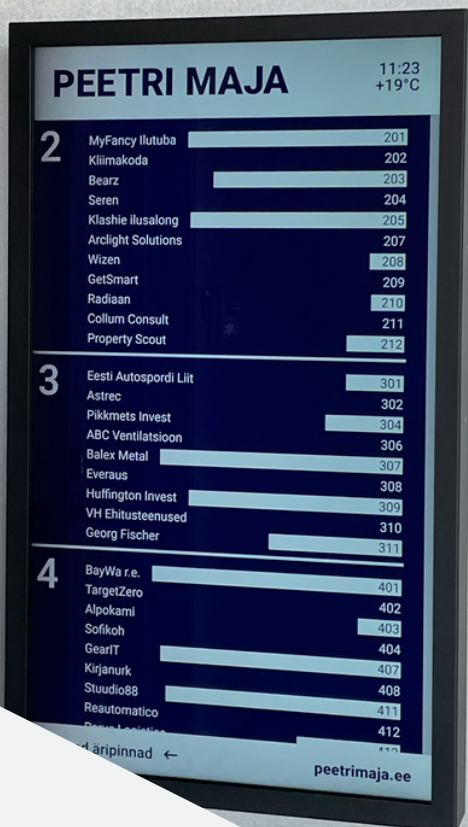

Interactive self service wallmount infokiosks with 32"-85" touchscreen. Intended for 24/7 use this kiosk can be positioned both vertically and horizontally.

FEATURES

- Commercial-grade 32" to 85" screen or touchscreen with narrow bezel aluminium housing
- Can be used as digital signage or touchscreen kiosk (typically wayfinder solutions).
- Customizable computer module to meet performance and functionality requirements.
- Sitekiosk software for operating and maintaining public access kiosks.
- Chassis size depends on screen size.

OPTIONAL FEATURES

- **Different screen sizes:** 32" / 43" / 49" / 55" / 65" / 75" / 85".
- Different brightness options depending on the model.
- **Wall and freestanding options.** Kiosk screen can be placed vertically (totem) or horizontally to wall or hang to portable trolley stand.
- **Connectivity.** Optional wireless network connectivity options (WiFi, 4G) with vandal proof external antenna to provide kiosk connectivity in all possible locations.
- **Computer.** Intel® NUC computer module ensures smooth and fast user experience for detail rich graphics. Or can be used with an Android player.
- **Security.** The housing is suited for unattended self-service. Housing can be anchored to floor and is securely lockable with key.
- **Optional devices.** This model can be equipped with RFID, 1D/2D, scanner, smart card reader or other devices at request.

ABOUT US

We are in kiosk production from 1999. Our production and product development process is certified to meet industry standard requirements. We are proud to design our kiosks in-house keeping in mind both aesthetic and functionality.
