

ML interactive kiosk 515W with 19" touchscreen

Indoor wall-mounted touchscreen kiosk for 24 x 7 unattended or unsupervised self-service use without the presence of a customer service representative. The 515W model is the smallest wallmounted kiosk we offer

FEATURES

- Commercial-grade 19" capacitive touchscreen
- Brushed Stainless steel finish housing
- Secure lockable chassis with measures 425 x 560 x 68 mm
- Intel® NUC PC module with Intel® Pentium™, Core™ i3 and i5 Processors
- Low power consumption (less than 60 W)
- Special kiosk software Sitekiosk and virtual keyboard

OPTIONAL FEATURES

- **Touchscreen.** Possible to order with Privacy filter which blocks side angle view to screen.
- **Branding.** Lot of options to meet your brand style design – custom colours, custom labelling with optional details.
- **Connectivity.** Optional wireless network connectivity options (WiFi, LTE) with vandal proof external antenna to provide kiosk connectivity in all possible locations.
- **Computer.** Intel® NUC computer module ensures smooth and fast user experience for detail rich graphics. PC can be configured to meet performance requirements set by application used.
- **Kiosk software.** Sitekiosk software for operating and maintaining public access kiosks with virtual on-screen keyboard.
- **Kiosk monitoring.** Siteremote running in Cloud (SaaS) or on own server (license) for remote administration and maintenance of kiosk systems and digital signage displays.
- **Security.** The housing is suited for unattended self-service. Housing is securely lockable with single key.
- **Optional devices.** This model can be equipped with RFID, 2D/3D, scanner, smart card reader or other devices at request.

ABOUT US

We are in kiosk production from 1999. Our production and product development process is certified to meet ISO 9001:2015 requirements. We are proud to design our kiosks in-house keeping in mind both aesthetic and functionality.
